

# Your account is ready. Here's how to get in.

You were invited to QuickSquares: satellite roof measurements and a professional PDF report for the homeowner, from your phone. Your **5 free roof reports** are already loaded. No credit card needed.

## 1 Open your invitation email

The email is **in English**. It comes from your QuickSquares contact, with a subject that starts **"Call recap & your 5 roof reports"**. Tap the blue button that starts **Access my 5 free reports**. You can do it on your phone or your computer.

The email also has a sample report attached, so you can see what your homeowners will get.

### Can't find it?

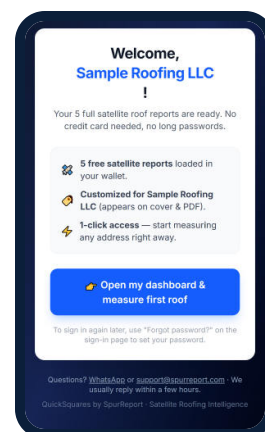

Check your spam or promotions folder, or search your inbox for "QuickSquares".

## 2 Claim your account

A page opens that says **"Welcome, [your company]!"**. Tap

**Open my dashboard & measure first roof**.

That's it — you're in. No password needed this first time. Your company name already shows on your reports.

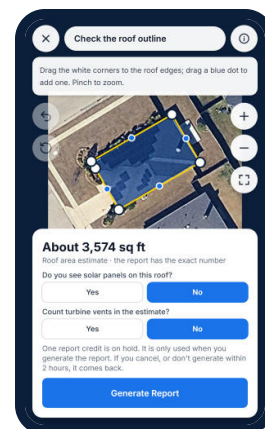

## 3 Measure your first roof

- Tap **Measure** in the bottom bar and type the property address. Looking around is free.
- Tap **Measure Roof**, then drag the white corners to the roof edges.
- Tap **Generate Report**, then **Download PDF** to share it with the homeowner.

### Before your first report

Open the menu (≡) → **Report Settings** to put in your own price per square, and **My Company** to upload your logo.
